

Update - HAUC(UK) Convention Wednesday 18th May 2022
Emirates Old Trafford

Due to continuing concerns with regard to the Omicron Covid variant and the uncertainty surrounding colleagues' ability or willingness to attend a live event, the Convention Committee has made the reluctant decision to revert to an on-line convention again this year, to be held over two days.

The revised dates are now Wednesday 18th and Thursday 19th May 2022

Building on the success of the on line 2021 event, this year we'll be offering much greater interaction through a purpose-built portal to make the experience really positive for attendees, speakers and sponsors alike. We may just have a few surprises in store for you too

Please save the date in your diary. More details on how to register for the convention will follow soon
